Race Report: OMA Rnd 6 Plainview Illinois

Rider: Paul Whibley

Team: N-Fab AmPro Yamaha

Bike: Yamaha YZ450 F

Result: 1st

Some seriously hot and humid conditions dominated the weekend at round 6 of the OMA series. But a really fun and flowing course made up for the scorching conditions. There was a surprizing amount of elevation change considering the surrounding area is dominated by corn fields.

I grabbed the holeshot even with the surprise addition of the Pro 2 class joining us on the front row. You know those guys are hungry and will die trying to get that extra \$100 from FMF. Once into the woods I tried to go early and open up a gap. I didn't want this to be a battle down to the wire in the heat. I think I had 40 sec on the first lap and was able to continue to pad that throughout the race. Jason Thomas ran in second early in the race but is still suffering from the crash at the last round in South Dakota and dropped back. Jimmy Jarrett moved into second and had a battle on his hands with Adam Bonneur putting some pressure on and was only seconds behind at the finish.

The race was also cut short a lap due to the heat. In the end we finished right on 2 hours. Overall it was a good day with some more points added to the tally.

3rd: Adam Bonneur
